

GO GREEN!

Made from 100% Post-Consumer recycled tires, EZ Edge™ and StoneCap™ Transitions are a green solution to your accessibility issues.

Safety & Access

Our patented transitions create a superior slip-resistant surface, allowing for safe and instant accessibility. In addition, our StoneCap™ Coating technology increases the non-slip qualities, as well as creating aesthetically pleasing access!

Versatility & Ease of Installation

Our EZ Edge™ & StoneCap™ Transitions can be easily installed on most surfaces including concrete, asphalt, wood, tile and marble. There is no demolition necessary to install, so your costs are lower and installation time is minimal!

Green Solutions for Accessibility
